Interested in challenging yourself to create an award winning painting, drawing or photograph? Want time to write a publishable poem, short story, or novel?

If you are in 7th or 8th grade, consider joining Ms. Trump and Ms. Lockhart for after school work sessions to create submissions for Scholastic Art and Writing Awards. To learn more about this awards program open to 7th and 8th graders, please visit their website: http://www.artandwriting.org/.

After School Enrichment will run every Thursday from 3:10-4:00 pm in Ms. Trump’s room until the December submission deadlines. During this time, students will work independently to create and polish their pieces. Ms. Trump and Ms. Lockhart will provide support and guidance as needed. Please note: submission worthy pieces will require work at home beyond these work sessions.

Students involved in Science Fair and National History Day may also stay for these work sessions as space allows.

Please indicate your interest in attending these work sessions by completing the following Google form: https://goo.gl/forms/vwszOiAlthOCaBM72.
