FOX POINT- BAYSIDE MAKERSPACE COMMUNITY NIGHT
HOSTED BY THE FPBS EDUCATIONAL FOUNDATION

BAYSIDE MIDDLE SCHOOL
5:30-7:00PM
NOVEMBER 13, 2017

We are excited to announce that the Betty Brinn Making Spaces team will be joining our Makerspace Community Night!

Even if all the sessions are full, come build rockets or mega forts with the Betty Brinn Making Spaces team!

All district parents and guardians and their school-aged children are invited to sign up for one 25 minute interactive student-led maker session, participate in rocket making or mega fort building, and join us to learning more about this important initiative.
